AN ACT to be entitled "An Act to amend an Act entitled 'An Act to provide for the creation and organization, and defining the powers of municipal corporations, embracing territories of cities having a population of 36,000 and upwards, according to the Federal census of 1880, whose charters have been abolished,' the same being Chapter 114 of the Acts of the General Assembly of 1883, passed March 21st 1883, and approved March 27th, 1883, and all subsequent Acts amendatory thereof, the same being the charter of the city of Nashville, by providing for the creation of a Board of Hospital Commissioners, defining their powers and duties; and by providing for and authorizing a special tax levy for carrying the purposes of this Act; and by providing for the creation of various offices in connection with the hospital, and defining the duties and powers of such offices."

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee*, That in each of the cities controlled by Chapter 114 of the Acts of 1883 a Board to be

known as the "Board of Hospital Commissioners" is hereby created, said Board to consist of five (5) members, one of whom shall be a member of the City Council, who shall at the time of their election have been freeholders within the territory embraced within the corporate limits of said cities for five years prior to the time of their election, and none of whom shall be physicians or surgeons, but all of whom shall be non-medical men. The first election of said Commissioners shall be made by the City Council of such cities at the first regular meetings thereof after the passage of this Act, and the first Commissioners elected under and by virtue of this Act shall hold their office for terms of one, two, three, four, and five years, and their tenure of office shall be specified in the certificates of election issued to such Commissioners by the City Recorder of such cities. On the expiration of the terms of the first Commissioners as heretofore provided, their successors shall be elected by the City Council of such cities, and shall hold their offices for terms of two years from and after the date of their election and until their successors are elected and qualified. In case of any vacancy occurring in said Board of Hospital Commissioners by reason of death, removal, disability, or any other cause, such vacancy shall be filled by the City Council at its first regular meetings after it has been notified of the existence of such vacancy, and the person elected by the Council at such meeting shall hold for the remainder of the term for which his predecessor had been elected.

Before entering upon the performance of their duties as Hospital Commissioners, each and every member of said Board shall take and subscribe an oath before the City Recorder to the effect that he will support the Constitution of the United States and of the State of Tennessee, and will faithfully strive to obey and carry into effect the duties imposed upon him by this Act. Each Commissioner shall likewise, before entering upon the performance of his duties, execute a bond to the Mayor and City Council in the sum of one thousand dollars (\$1,000), conditioned that he will faithfully and truly perform the duties imposed upon him by law. No compensation shall be received by any member of the Board of

Hospital Commissioners for any service performed by him as such Commissioner.

· SEC. 2. *Be it further enacted*, That it shall be the duty of the Board of Hospital Commissioners to exercise exclusive supervision, direction, and control over all public hospitals that may be erected, conducted, or maintained by the cities controlled by this Act, and to make all rules and regulations of a non-medical and non-surgical character for the regulation of such hospital or hospitals. Immediately upon their election by the City Council, said Board of Hospital Commissioners shall proceed at their first meeting to elect a Chairman of said Board and shall also at such first meeting elect a Superintendent and Surgeon for each of such public hospitals within such cities, whose tenure of office shall be during good behavior, and who shall be subject to removal by said Board for cause upon charges in writing being preferred against him and a hearing had thereon before said Board after due notice. Such Superintendent and Surgeon shall receive as his compensation the sum of twenty-five hundred dollars (\$2,500) per annum, payable monthly, and shall likewise receive without expense to him his board, laundry, and quarters at such hospital where he shall reside during his term of service. He shall devote himself entirely to the performance of his public duties at such hospital or hospitals. The Superintendent and Surgeon shall be a physician of reputable standing in his profession, a graduate in medicine, of skill and culture, but shall not be connected in any way with the medical colleges of the city during his term of service, and shall have at least five years' experience in the practice of his profession prior to the date of his election, two years at least of which shall have been spent by him in some reputable hospital.

SEC. 3. *Be it further enacted*, That the Superintendent and Surgeon shall be superior to all other officers and employees at such hospital, except the Superintendent of Steward Department, who shall be under control of the Hospital Commission, and shall have power and authority to direct them in the performance of their duties, except as is herein otherwise expressly provided, and shall have power and authority to employ all nurses, attendants, and other hospital employees, except as herein oth-

erwise provided for, whose compensation shall be fixed by the Superintendent and Surgeon subject to the approval of the Board of Hospital Commissioners. All such nurses, attendants, and other hospital employees shall be subject to be discharged by the Superintendent for incompetency, inefficiency, neglect of duty, or for other cause; but the Superintendent shall in all such cases of discharge report his reason therefor in writing to the Board of Hospital Commissioners, and a copy of such report shall be preserved by the Secretary of said Board. The Secretary to the Mayor is hereby constituted Secretary to the Board of Hospital Commissioners, and shall keep accurate and proper accounts of the meetings of said Board, which shall be held at least once a month and at such other times during the month as the Chairman of said Board may see fit to call said Board in session.

SEC. 4. *Be it further enacted*, That there shall be a hospital staff composed of two branches, one of which branches shall be selected by the medical faculties of the Vanderbilt University, University of Tennessee, and the University of Nashville, of the city of Nashville, and the other branch shall be selected by a majority of the Board of Hospital Commissioners from the regular physicians and surgeons of such city who are not members of the medical faculties of any medical school or college in the city of Nashville. The members of the hospital staff shall serve for two years from and after the date of their selection by the medical faculties of the schools above named and by the Board of Hospital Commissioners. Upon the passage of this Act, the Board of Hospital Commissioners shall notify the secretaries of the medical faculties of the Vanderbilt University, University of Tennessee, and the University of Nashville to transmit to said Board the names of two members of each of said faculties who have been selected by said medical schools as its representatives on the hospital staff, and to the persons so selected the Board of Hospital Commissioners shall issue certificates of commission as members of such hospital staff; *provided, however*, that the medical faculties of the three schools above named may, if they so elect, rotate their representatives on said hospital staff every two months, and in such cases the secretaries of such

medical-school faculties shall notify the Board of Hospital Commissioners of such changes in their representation on the hospital staff, and such Board shall issue a certificate to such new representatives; but in no event shall more than two members of the medical faculty of any of the above-named medical schools serve on the staff at the same time. The other branch of the hospital staff as herein provided for shall be elected by the Board of Hospital Commissioners at their first regular meeting after the passage of this Act, and shall hold their offices for two years from and after their election and until their successors are elected and qualified. Each branch of the staff shall consist of six members, and each branch shall attend at the City Hospital for a period of six months each year. The terms of attendance of each branch of the staff shall be designated by the Board of Hospital Commissioners, but the branch of the staff selected by the faculties of the medical colleges hereinabove named shall be given, if possible, terms of attendance which shall cover as nearly as possible the sessions of the various medical schools located in the city of Nashville.

Any member of either branch of the staff who shall attempt in any manner to transfer to any other physician or surgeon, not a member of such staff, and not the Superintendent and Surgeon of such hospital, the performance of any duties resting upon him as a member of the staff shall forfeit his right to be a member of the staff, and shall not be eligible for service on such a staff at any future time.

The hospital staff shall have exclusive power and authority to make all rules and regulations of a medical and surgical character for the administration of the hospital or hospitals to which such staff is assigned for service, but all such rules and regulations before coming operative shall be approved by a majority of the Board of Hospital Commissioners, and said Hospital Commission shall have right to change said rules.

No member of the hospital staff shall receive any compensation for his services as such member.

The Board of Hospital Commissioners is hereby authorized and empowered to make all rules and regulations touching the attendance of members of the staff at the hospital and their duties while in such attendance.

Any member of the staff shall be subject to be removed by the Board of Hospital Commissioners at any time that to said Board may seem proper, but in such case of removal the successor of such removed member of the staff shall be selected from the faculties of the three medical colleges hereabove named or from the regular physicians and surgeons of the city who are not members of such medical faculties, in case such removed member belongs to one or the other of the two above-named classes.

SEC. 5. *Be it further enacted*, That it shall be the duty of the Superintendent and Surgeon to make monthly reports to the Board of Hospital Commissioners, which reports shall contain a full, accurate, and detailed account of all transactions at the hospital during such month, as the number of patients received, the number discharged, the expenditures made at the hospital during such month, as well such other information as the Board of Hospital Commissioners may by resolution require the Superintendent and Surgeon to set forth in such monthly reports.

SEC. 6. *Be it further enacted*, That there shall be a Superintendent of the Steward Department of the City Hospital, whose compensation shall be fifteen hundred dollars (\$1,500) per annum, payable monthly, and who shall perform the duties of Steward as now fixed by ordinances of the city of Nashville, and such other duties of a non-medical character as may be required of him by the Hospital Commission; but in the performance of all of such duties the Steward shall be subject to the authority, direction, and control of the Hospital Commission. The office of Superintendent of Steward Department created by this Act shall be filled by the present Superintendent of the City Hospital as created by an ordinance of the city of Nashville, approved June 12th, 1903; and said Steward shall be subject to removal only under and in accordance with the rules of the Civil Service Commission of the city of Nashville, and said Superintendent of Steward Department shall live at the City Hospital and shall be provided living quarters by Hospital Commission.

SEC. 7. *Be it further enacted*, That there shall be four internes at the City Hospital, who shall be chosen as follows:

The winners of the founder's medals in the graduating

classes of each of the three medical colleges in the city of Nashville—to wit: Vanderbilt University, the University of Tennessee, and the University of Nashville, shall be certified yearly to the Board of Hospital Commissioners by the faculties of their respective colleges, and, upon such certificate being received, said Board of Hospital Commissioners shall commission said graduating students as internes for the City Hospital for the period of one year from and after the date of their appointment and commission. The fourth interne shall be chosen by the Superintendent and Surgeon of the hospital. *Provided, however,* that if the winners of the founder's medals or students receiving the highest grades in their respective medical colleges in the graduating classes thereof shall decline the appointment of internes at the City Hospital, then and in that event the student of such college or colleges receiving the next highest per cent in such graduating classes shall be certified by the faculties of such schools to the Board of Hospital Commissioners, and shall be commissioned and appointed for the period of one year, as heretofore provided. If such students should in turn decline appointments as internes, then said Board of Hospital Commissioners may appoint such internes for the period of one year, and in their appointments shall not be restricted to the graduating classes of the medical schools hereinabove named. The internes of the hospital shall be under the exclusive supervision, direction, and control of the Superintendent and Surgeon, and shall, if practicable, reside at the hospital, where they shall be furnished board and laundry free of charge, but they shall receive no compensation either from the Board of Hospital Commissioners or from patients at the hospital for their services as such internes. They shall perform such duties of a medical character as may be assigned to them by the Superintendent and Surgeon, and shall be subject to be removed and discharged by the Superintendent and Surgeon, who shall, however, in such cases, report in writing his reasons for such discharge or removal to the Board of Hospital Commissioners, and said Board may, if it sees proper, rehear such cases and determine whether or not such removals and discharges are justified; but an appeal as a matter of right shall not lie from the action of the Superintendent and Sur-

geon to the Board of Hospital Commissioners in such cases of discharge or removal.

SEC. 8. *Be it further enacted*, That it shall be the duty of the Board of Hospital Commissioners to submit to the City Council of such cities quarterly reports in writing, which shall set out in full the collections and disbursements made on account of the hospital during such quarter, and shall contain the monthly report made during such quarter by the Superintendent and Surgeon as hereinbefore provided for. All moneys collected from private and pay patients at the City Hospital, as well as from clinical fees charged the students of the various medical schools of the city of Nashville, as fixed by the rules and regulations of the Board of Hospital Commissioners, and all other revenue derived from the operation and conduct of the hospital, shall be paid to the City Treasurer of such cities, who shall keep the same separate from the other revenue of the city and to the credit of the Hospital Department. It shall be the duty of the Board of Hospital Commissioners in each year on or before the first of September to submit to the City Council its estimate of the amount of money required for the conduct and operation of the hospital during the succeeding year, and it shall be the duty of the City Council, before the first of January of each year, to agree upon and by ordinance provide for the annual budget of the Board of Hospital Commissioners. The City Council of such cities is hereby authorized and empowered to include in the annual levy of taxes for such city or town a special hospital tax of one-third of one mill on each dollar's worth of property assessed for city taxation, and the money thus levied shall constitute a special fund with which to operate the affairs of the hospital, as provided by this Act; *provided, however*, that the City Council shall have power to include in the yearly hospital budget sums of money over and above that realized from the special hospital tax herein authorized in the event such tax is levied and collected. The Board of Hospital Commissioners shall have exclusive power and authority to make all expenditures out of the moneys appropriated for the conduct and maintenance of the hospital as hereinabove provided, and such expenditures shall be made by vouchers, signed by the Chairman of said Board of

Hospital Commissioners, and, upon presentation to the Comptroller and Treasurer of the city, shall be paid by them and charged to the Hospital Department; *provided, however,* that if the Board of Hospital Commissioners so elect, they may by resolution authorize the Superintendent and Surgeon to make expenditures on account of the hospital which do not exceed the sum of fifty dollars (\$50), and a detailed account of which expenditures shall be furnished by the Superintendent and Surgeon to the Board of Hospital Commissioners at their regular monthly meetings. When any expenditure, except for salaries, shall amount to five hundred dollars or more, it shall be the duty of the Board of Hospital Commissioners to prepare an ordinance, which shall be known as the ordinance of the Board of Hospital Commissioners, and to introduce the same in the City Council of such cities, which ordinance shall authorize sums of five hundred dollars or more to be spent on account of the hospital, and such ordinance shall be passed in accordance with the requirements of said cities regulating and governing the passage of ordinances. Any expenditure in excess of five hundred dollars made on account of the hospital or any liability or contract for any such expenditure, unless made as herein provided, shall be illegal and not binding on the Board of Hospital Commissioners; or if such sum has been paid, the same may be recovered from the person or persons receiving the same in all action to be instituted by the Mayor and City Council of Nashville.

SEC. 9. *Be it further enacted,* That all laws or parts of laws in conflict herewith be, and the same are hereby, repealed.

SEC. 10. *Be it further enacted,* That this Act take effect from and after its passage, the public welfare requiring it.

All expenditures on account of this fund shall be made upon vouchers, approved by the Park Commissioners, through its Chairman and Secretary, which vouchers shall, when accompanied by detailed statements of such expenditures, be payable on presentation to the revenue office of the city; *provided, however,* that it shall be the duty of the Board of Park Commissioners to appropriate the first funds raised under the special levy herein authorized to the acquisition of park sites in North, East, and South Nashville, at such places as the Board may select and agree on, and the preparing of such sites for public parks.

AN ACT to be entitled "An Act to amend an Act entitled 'An Act to provide for the creation and organization, and defining the powers of municipal corporations, embracing territories of cities having a population of 36,000 and upwards, according to the Federal census of 1880, whose charters have been abolished,' the same being Chapter 114 of the Acts of 1883, passed March 21st, 1883, and approved March 27th, 1883, and the various subsequent Acts amendatory thereof, all constituting the charter of the city of Nashville, by providing that the revenue which has accrued during the years 1907 and 1908, and which has been carried in the budgets of such cities for 1908 and 1909, amounting to the sum of approximately \$121,807.52, which sum has been raised under and by virtue of the special tax levy made by authority of and in accordance with the provisions of the local abutting property law of cities controlled by said Chapter 114 of the Acts of 1883, said local abutting property law being Chapter 482 of the Acts of the General Assembly of 1907, shall be used exclusively for the purpose of constructing and improving streets in those parts of the city of Nashville which were annexed to such city by Chapter 333 of the Acts of the General Assembly of 1905, Chapter 80 of the Acts of the General Assembly of 1907, Chapter 119 of the Acts of the General Assembly of 1907, and Chapter 124 of the Acts of the General Assembly of 1907; and by providing that the cost of the construction and improving such streets shall be paid entirely out of the revenue which has accrued under such local abutting property law, and that two-thirds of the cost of the same shall not be assessed upon the abutting property owners; and by further providing the method by which such money shall be spent for such purposes by the proper corporate officials of the cities controlled by said Act; and by fixing the minimum amount that shall be so appropriated and used for such purposes during each month until the said sum of approximately \$121,807.52 is exhausted."

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee.* That the revenue which has accrued during the years 1907 and 1908 under the special tax levy authorized by the local abutting property law of cities organized and controlled by Chapter 114 of the Acts of the General Assembly of 1883 and the various subsequent Acts amendatory thereof, and which revenue has been carried in the budgets of such cities for 1908 and 1909, the same amounting to approximately one hundred and twenty-one thousand eight hundred seven dollars and fifty-two cents (\$121,807.52), shall be used exclusively for the purpose of constructing and improving suburban streets in those parts of the city of Nashville which were annexed to said city by Chapter 333 of the Acts of the General Assembly of 1905, Chapter 80 of the

Acts of the General Assembly of 1907, Chapter 119 of the Acts of the General Assembly of 1907, and Chapter 124 of the Acts of the General Assembly of 1907.

SEC. 2. *Be it further enacted*, That the above-stated sum which has accrued under the special tax levy authorized by said local abutting property law for 1907 and 1908 and carried in the budgets of such cities for 1908 and 1909 shall be used by the proper corporate officials of such cities for the purpose of constructing and improving suburban streets in the territory annexed to such cities by the various Acts of the General Assembly named in the first section hereof; *provided, however*, that the entire cost of constructing or improving such streets shall be paid out of such accumulated revenue, and no part of the expense of constructing or improving such streets shall be borne by the local abutting property owners.

SEC. 3. *Be it further enacted*, That the said sum of approximately \$121,807.52 shall be available for expenditures by the proper corporate officials immediately upon the passage of this Act, and the said officials shall proceed forthwith to construct and improve streets in such annexed territory out of such fund in accordance with the charter of the city of Nashville regulating the manner of making expenditures for public purposes—that is to say, all that shall be necessary to authorize expenditures out of this fund shall be for the Board of Public Works of such cities to introduce in the City Councils thereof bills of the Board of Public Works when the amount of any improvement is in excess of five hundred dollars (\$500), and upon the passage of such ordinance in such cases the Board of Public Works is hereby directed and commanded immediately to let contracts for such improvements and to push the same to a speedy conclusion.

SEC. 4. *Be it further enacted*, That upon the passage of this Act, it shall be the duty of the Board of Public Works of such cities, and they are hereby directed and commanded, to cause appropriation ordinances for the purpose of constructing and improving streets in such annexed territory out of the accumulated local abutting property law fund as hereinabove provided to be introduced at each regular meeting of the City Council of such

cities, and such appropriations shall amount to at least five thousand dollars (\$5,000) for each regular meeting of the City Council.

Upon the passage of such appropriation bills, introduced as herein required, the Board of Public Works shall immediately and forthwith proceed to let contracts for such work in accordance with the provision of the charter of such city, or, if the Board so elects, to cause such work to be done by the city's street department; but in either event the work shall be undertaken as soon as the appropriations for such purpose are made as herein provided, and shall be speedily accomplished and performed. It being the intention of this Act to cause the sum hereinabove named and which has accumulated under and by virtue of the special levy authorized by the local abutting property law for the years 1907 and 1908, as carried in the budgets of such city for 1908 and 1909, to be speedily used for the purpose of giving better streets to the residents and citizens of such city who are located in the territory annexed thereto by the various annexation Acts herein named; *provided, however*, that the Board of Public Works shall not be required to introduce appropriation bills in the City Council in the amounts hereinabove named until the first regular meeting of the City Council in July of 1909; but, beginning with such meeting, said Board shall thereafter at each regular meeting of the City Council introduce appropriation bills of the amount hereinabove named and for the purpose of constructing or improving streets in the territory annexed to the city of Nashville by the various annexation Acts hereinabove named until the entire sum of approximately \$121,807.52 is exhausted.

SEC. 5. *Be it further enacted*, That it shall not be obligatory upon the Board of Public Works of such cities to spend any of the revenue which has accumulated under the local abutting property law, as hereinabove provided, and for the purposes, and in those parts of the city hereinabove specified, unless the abutting property owners on such streets, or, in case there is no street, where it is proposed to construct a street, will agree in writing to release the Mayor and City Council of Nashville from any damages that may be caused to their property by reason of changing the grade of such streets, and will

further release the city of Nashville from any damage that may be caused their property by reason of surface water being thrown upon their property as a result of the construction or improvement of such street or streets.

SEC. 6. *Be it further enacted*, That it shall not be obligatory upon the Board of Public Works of such cities to construct or improve streets in the territory herein provided for and out of the revenue herein appropriated for such purposes unless persons who will be affected by the increased flow of surface water incident to the construction or improvement of such streets will in writing release the Mayor and City Council of Nashville from all damages that may be caused to their property by reason of such increased flow of surface water as incident to the improvement or construction of such streets.

SEC. 7. *Be it further enacted*, That it shall not be obligatory upon the Board of Public Works of such cities to construct or improve streets in the territory hereinabove specified and out of the special fund hereinabove named unless the abutting owners on both sides of such street or streets will agree in writing with the Board of Public Works that they will contemporaneously with the construction or improvement of such street or streets, commence the laying of sidewalks of such material and in such mode and manner as the Board of Public Works may specify in front of their respective abutting property, the cost of construction of such sidewalks to be paid for and borne by such abutting property owners.

MISCELLANEOUS ACTS OF THE GENERAL
ASSEMBLY OF 1909, RELATING TO
THE CITY OF NASHVILLE.

I.

(CHAPTER 153, ACTS OF 1909.)

AN ACT to regulate, in cities of more than 75,000 inhabitants, according to the Federal census of 1900 or any subsequent census, the licensing of persons, firms, and corporations conducting or managing a business for installing any wires or electrical apparatus to convey electrical current for light, heat, or power; and to provide for a Board of Electrical Examiners and Supervisors for said purpose; and to prevent the doing of such electrical work by persons, firms, or corporations other than those licensed in accordance with the provisions of this Act; and to provide a penalty for the violation thereof.

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee,* That within thirty days after the passage of this Act the Governor shall appoint in each city in the State of Tennessee of more than 75,000 inhabitants according to the Federal census of 1900 or any subsequent census a board which shall be known as the "Board of Electrical Examiners and Supervisors," consisting of three persons, for the purpose of examining into the qualifications and capabilities of master electricians, as defined by Section 5 of this Act. The members of said Board so appointed shall be competent, practical electricians, one of whom shall be nominated by the oldest existing association of electrical contractors in the city of his appointment; and if no such association exists, then he shall be a contracting electrician, who has been publicly engaged in such business in the city of his appointment for at least three years prior to the date of his appointment, the second to be nominated by the Chief of the Fire Department, and the third by the local association of Fire Underwriters, if any such association exists

in the town where the appointment is to be made; and if no such association is in existence, then the third member to be appointed upon the nomination of the two members hereinbefore designated. The term of each member shall be one year from date of appointment. Should any vacancy occur from any cause during the term of any Board as herein provided, the Governor shall appoint some one from nominations made, as above provided, to fill such vacancy, and this in such manner that the various Boards shall continue to be constituted as herein provided.

The Governor shall have full power to remove any member of the Board for incompetency or improper conduct upon satisfactory evidence thereof being presented to him.

SEC. 2. *Be it further enacted*, That the members of said Board shall respectively take and subscribe the oath required of State officers.

They shall have the power to elect out of their number a President, a Secretary, and a Treasurer; to adopt such rules and by-laws for the transaction of the business of the Board as they may deem expedient.

SEC. 3. *Be it further enacted*, That each member of said Board shall receive a compensation of five dollars (\$5) per day for actual services in attending meetings of the Board, which compensation shall be paid out of the moneys in the hands of the Treasurer of said Board, provided that the Secretary of said Board may receive such additional compensation as the Board may deem just and reasonable, and for which the by-laws of the said Board may provide. In no event, however, shall the compensation of the members of the said Board, or of their Secretaries, be paid out of the funds in the State treasury, or become a charge against the State; but the compensation of all members of said Board, including the Secretary, shall be paid out of the fees collected by said Board under the provisions of this Act.

SEC. 4. *Be it further enacted*, That said Boards shall meet at least once each month in their respective domiciles, and shall hold special meetings as frequently as the proper and efficient discharge of their business shall require; and each Board shall adopt rules and regulations for the examination of master electricians, as here-

in defined, and, when so adopted, such rules and regulations shall have the same force and effect as if herein contained; and the rules of said Board shall also provide for the giving of timely notice of such meetings to all those who shall have made application for a license, as herein provided; and said Board shall give in writing to the respective cities, or to any officer designated by the legislative council thereof, a detailed statement of all licenses issued, renewed, or revoked at any meeting of said Board. A majority of its members shall organize each of said Boards and constitute a quorum for the transaction of its business.

SEC. 5. *Be it further enacted*, That the term "master electrician," as used in this Act, shall be so defined as to include any and all persons, firms, and corporations engaged in the business of or holding themselves out to the public as engaged in the business of installing, erecting, or repairing, or contracting to install, erect, or repair electric wires or conductors to be used for the transmission of electric current for electric-light, heat, or power purposes, or moldings, ducts, raceways, or conduits, together with fittings for same, for the reception or protection of such wires or conductors, or to electrically connect electric wires or conductors together or to any electrical machinery, apparatus, device, or fixtures to be used for electric-light, heat, or power purposes.

A license of master electrician issued or granted under and in accordance with the provision of this Act shall entitle any such person, firm, or corporation so licensed to engage in the business of installing, erecting, and repairing, and of contracting to install, erect, and repair any electric wires or conductors to be used for the transmission of electric current for electric-light, heat, or power purposes, and any moldings, ducts, raceways, and conduits, together with fittings for same, to be used for the reception and protection of such wires and conductors, and to electrically connect such electric wires or conductors together, and to any apparatus, devices, fittings, or fixtures to be used for electric-light, heat, or power purposes.

SEC. 6. *Be it further enacted*, That before any person, firm, or corporation shall hereafter engage in the business of a master electrician, as defined in Section 5 of this

Act, and before any person, firm, or corporation now so engaged in said business or any branch or class thereof shall continue in said business of master electrician, such person, firm, or corporation shall apply to said Board for a license to practice as master electrician; and the applicant, if a person, or, if a corporation, one of the officers or a representative and agent thereof, to be designated by said corporation, or, if a firm, one of the members thereof shall present himself before the said Board at a time and place fixed by the said Board. If the Board shall find, upon due examination, that the applicant presenting himself is of good moral character, has a satisfactory knowledge of electricity, and the natural laws appertaining to and governing the same, and of the use and function of electric wires, appliances, and devices for electric-light, heat, and power purposes, and is possessed of skill and knowledge in all matters pertaining to the business of a master electrician, as defined in Section 5 of this Act, the said Board, upon payment of the fee, and upon giving bond, hereinafter provided for, shall issue to the said person, firm, or corporation a license as master electrician to practice said business for a term of one (1) year, and shall register such person, firm, or corporation as duly licensed master electrician; *provided*, that no license shall be granted to any person who has not taken and subscribed an oath that he, or, in case of a corporation, one of the principal officers or the representative and agent thereof, and, in case of a firm, one of the members thereof, has had at least three (3) years' actual experience as a master electrician, within the terms of this Act, or as an electrical workman in such class or classes of electrical business or work as, in the opinion of the Board, shall have properly fitted the applicant for a license as master electrician; *provided, further*, that each applicant, at the time of filing his, their, or its application, shall pay to the Secretary of said State Board of Electrical Examiners the sum of twenty-five dollars (\$25); and, *provided, moreover*, that every person, firm, or corporation, before receiving a license, shall make, execute, and deliver a bond to the State of Tennessee in the full sum of twenty-five hundred dollars (\$2,500), with sufficient surety or sureties, to be approved and filed with the said Boards, the bond to save harmless the owner or real

party in interest in the property for which any such material is furnished or service performed against loss or damages which shall arise by reason of the work done or material furnished being in violation of and below the standard of the current edition of the National Electric Code; but action can be maintained thereon in the name of such owner or real party in interest only, if composed within one (1) year from and after the date of the installation of the materials furnished or performance of such work or service.

When, however, the material furnished, or work done, or service performed, shall have been inspected, and a written or printed certificate of approval issued by a legally authorized City Electrical Inspector, then the said master electrician shall be considered as having fulfilled the requirements of this Act, and his responsibility shall cease under the above bond for materials furnished and work or service performed.

SEC. 7. *Be it further enacted*, That all persons, firms, or corporations that at the time of the enactment of this Act are engaged in the business which shall be hereafter known as the business of a "master electrician," as described in Section 5 of this Act, shall, within sixty days after the passage of this Act, comply with all the provisions of Section 6 of this Act, or such persons, firms, or corporations shall, within sixty (60) days after the passage of this Act, cease to do the work which shall be hereafter known as that of a "master electrician," as described in Section 5; otherwise he, they, or it shall be guilty of a misdemeanor, and, on conviction, suffer the fines and penalties as set forth in Section 14 of this Act.

SEC. 8. *Be it further enacted*, That each and every license issued under the provisions of this Act shall be signed by the President and Secretary of the Board and attested with its seal, and said license so signed and attested for a period of one year shall be evidence in any court in the State of the business for which the license is issued. All licenses and renewals of same shall expire on the first day of January of each year.

SEC. 9. *Be it further enacted*, That no person, firm, or corporation granted a license under the provisions of this Act shall continue in the business of installing or repairing electrical wires, conductors, or apparatus for

electric-light, heat, or power purposes after the expiration of said license unless the said license or extension of same shall have been renewed, as hereinafter provided. Upon payment of a fee of ten dollars (\$10), any person, firm, or corporation granted a license under the provisions of this Act (unless the said license shall have been revoked, as hereinafter enacted) shall be granted a renewal of said license without examination of the applicant, if application therefor is made either in person or in writing to the said Board by the holder of such license within the three months preceding the expiration of such license upon payment of a fee of ten dollars (\$10); and the said renewals of said license shall be made for a period of one (1) year, and shall be signed and attested as required for such original license; and any such renewal of such license so signed and attested shall have the same weight as evidence in any court in this State as is hereinafter accorded said original license; *provided, also*, that, *further*, one-year renewals shall be granted in like manner upon expiration of any renewal of license upon making application and paying a like fee within three months preceding the expiration of such renewal, in the same manner as provided for the first renewal.

SEC. 10. *Be it further enacted*, That after a full hearing of all parties in interest said Board shall have power to revoke, for proper cause, any license or renewal of same granted by the same Board.

SEC. 11. *Be it further enacted*, That each and every license and renewal of same shall be in force and effect only so long as an approved bond, filed with the said Board in accordance with the provisions of Section 6 of this Act, shall remain in force; and every such license or renewal of same shall become void by the termination of said bond, regardless of the regular date of expiration of the said certificate, license, or renewal.

SEC. 12. *Be it further enacted*, That any and all persons or corporations granted a license or renewal thereof in accordance with the provisions of this Act shall display the same in a conspicuous place in the office or place of business of the person, firm, or corporation to which it was issued.

SEC. 13. *Be it further enacted*, That nothing in this Act shall be so construed as to prevent any person from do-

ing or performing any of the kinds of work enumerated in Section 5 of this Act, when such work is performed under the direction and supervision of a duly licensed master electrician; but no work other than minor electric repairs for the maintenance of established plants shall be performed, excepting under such direction and supervision of a duly licensed master electrician, and the said licensed master electrician shall be responsible for any work and all work so done under his direction and supervision. This shall be construed as exempting lighting companies and electric railway companies from the provisions of this Act, in so far as the maintenance and installation of their equipment, pole lines, services, and meters are concerned.

SEC. 14. *Be it further enacted*, That any person, firm, or corporation who shall practice or engage or continue in the work of a master electrician, as defined in Section 5 of this Act, and any person not licensed as a master electrician who shall do or perform any such work except under the direction of a master electrician, or who shall violate any of the provisions of this Act, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be sentenced to pay a fine of not less than ten dollars (\$10) nor more than one hundred dollars (\$100), or to an imprisonment not exceeding thirty (30) days, or both, in the discretion of the court.

SEC. 15. *Be it further enacted*, That no license or renewal of same granted or issued under the provisions of this Act shall be assigned or transferable, and every such license or renewal of same shall specify the name of the person, firm, or corporation to whom it is issued; and in case of firm, the member of said firm; and in case of a corporation, the principal officer or the designated representative of the said corporation through whom the application for said license was made.

SEC. 16. *Be it further enacted*, That all fees collected under the provisions of this Act shall be for the use of said Board to defray its necessary expenses.

SEC. 17. *Be it further enacted*, That it shall be the duty of each of said Boards, before the first Monday of January of each and every year, to make a report in writing to the Governor of the State, containing a detailed statement of the nature of the receipts and the manner of ex-

penditures; and any balance of money remaining at the end of the year after payment of expenses, including per diem of members of said Board, and other necessary expenses incurred by them in the discharge of their duties, shall be deposited in the State treasury.

SEC. 18. *Be it further enacted*, That all laws and parts of laws contrary to or in conflict with the provisions of this Act be, and the same are hereby, repealed.

(CHAPTER 584, ACTS OF 1909.)

AN ACT to be entitled "An Act to authorize the Governor of Tennessee to execute to the Mayor and City Council of Nashville a warranty deed in and to the property known as the 'Capitol Annex' for a consideration of twenty-two thousand dollars (\$22,000), and such sum as the State has expended on said property for repairs and improvements, being the price paid by the State for said property; and also authorizing the Governor of Tennessee to execute a quit-claim deed of gift to the Mayor and City Council of Nashville in and to the rear thirty-five (35) feet of the property known as 'the Governor's Mansion property, abutting upon the eastern side of Vine Street, now known as Seventh Avenue, North, and also authorizing the Governor, Secretary of State, and Comptroller to sell said property to the said city and reinvest the fund in a suitable site for a Capitol Annex or to exchange same for suitable grounds and buildings for a Capitol Annex."

WHEREAS the citizens of Nashville have under consideration the construction of a boulevard, to be known as "Capitol Boulevard," running from the southern margin of Cedar Street where the building recently acquired by the State of Tennessee and known as the "Capitol Annex" is located to Church Street at a point a little east of the building known as the "Castner-Knott Dry Goods Company Building," said point of termination being directly opposite the western end of the Watkins Building; and

WHEREAS this project is now regarded as certain of execution by reason of the fact that the property owners whose property would have to be acquired in order to open said street or boulevard have, with the exception of those owners whose property fronts upon Church Street, and with the further exception of one or two others, indicated their willingness to dedicate that part of

their property needed for said street or boulevard free of charge to said city of Nashville; and

WHEREAS if said project is ever to be consummated, it must be done at the present time, for the reason that there are now no valuable improvements located upon the route of said proposed street or boulevard which would have to be paid for in the event condemnation proceedings were necessary; and

WHEREAS the construction of said boulevard is a project in which the State of Tennessee is greatly interested by reason of the great benefit that will accrue to the State Capital as a result of the opening of such a boulevard; and

WHEREAS it is necessary to the consummation of this project that the Capitol Annex property and the rear thirty-five (35) feet of the property known as the "Governor's Mansion" be deeded by the State to the Mayor and City Council of Nashville, to be used as parts of said street or boulevard; therefore,

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee*, That the Governor of Tennessee is hereby authorized, for the consideration of twenty-two thousand dollars (\$22,000) and such sum as the State has expended on said property for repairs and improvements to be paid to the State Treasurer, said price being the price paid by the State of Tennessee for said property, to execute to the Mayor and City Council of Nashville a warranty deed in and to the property recently acquired by the State of Tennessee and known as the "Capitol Annex," abutting on the southern side of Cedar Street, in the city of Nashville, and formerly the residence of the Roman Catholic Bishop of Nashville. The said Governor of Tennessee is also authorized to execute to the said Mayor and City Council of Nashville a quit-claim deed of gift in and to the rear thirty-five (35) feet of the property known as the "Governor's Mansion" property, abutting on the eastern side of Vine Street, now Seventh Avenue, North, in the city of Nashville; but the quit-claim deed in and to the piece of property last referred to shall only be made upon the following terms and conditions:

1. Said piece of property shall only be used as a part of street or boulevard described in the preamble of this Act; and in case it shall ever cease to be used for such

purposes, it shall revert to the State of Tennessee. This condition shall be contained in said quit-claim deed.

2. Said deed shall be executed only when the city of Nashville shall have acquired all of the property necessary to carry out the project of constructing a boulevard or street as described in the preamble of this Act, and also authorizing the Governor, Secretary of State, and Comptroller to sell said property to the said city and reinvest the fund in a suitable site for a Capitol Annex or to exchange same for suitable grounds and building for a Capitol Annex.

SEC. 2. *Be it further enacted*, That this Act take effect from and after its passage, the public welfare requiring it.

municipal corporations and bodies politic, by the former names and styles of the municipal corporations respectively whose charters have been abolished as aforesaid and to which they are successors.

SEC. 2. Said corporation shall have perpetual succession; shall sue and be sued, plead and be impleaded in all courts of law and equity and in all actions whatsoever; may purchase, receive, and hold property, real and personal, within said city; and may sell, lease, or dispose of the same for the benefit of the city; and may purchase, receive, and hold property, real and personal, beyond the limits of the city, to be used for the burial of the dead, for the erection of the waterworks, for the establishment of the poorhouse, pesthouse, workhouse, or house of correction, or for a public park or promenade, or for any other purpose that the Mayor and City Council may deem necessary or proper; and may sell, lease, or dispose of such property for the benefit of the city to the same extent as natural persons; they shall have and use a common seal, and change it at pleasure.

The corporate authorities of all cities controlled by this Act shall be vested in a Mayor and City Council, a Board of Public Works, a Board of Health, a Board of Education, a Board of Police and Fire Commissioners, and in such officers as may be appointed or elected in pursuance of law. (Section 5, Chapter 204, Acts of 1899.)

SEC. 4. The legislative power of said corporation shall be vested in a legislative body, which shall be designated the "City Council." The City Council shall be composed of twenty-one Councilmen who shall be elected for two years at the general election, but not more than one Councilman residing in any one ward of said city shall be eligible. The qualified voters of each ward shall choose one Councilman to represent said ward in the City Council. Should any Councilman remove from his ward, his office of Councilman shall thereupon become vacant. In case of a tie vote in any ward between candidates for Councilman receiving the highest number of votes cast for Councilman in the ward, the election shall be referred back to the voters of the ward, and held as before, within the next succeeding twenty days. At said special election no candidates shall be voted for except those candidates receiving in the general election the highest number of votes. No person shall be eligible to the office of Coun-

cilman who is not a citizen of Tennessee and who has not been a resident of said city wherein he is elected for at least five years immediately preceding his election. No person shall be eligible to the office of Councilman who has not attained the age of twenty-five years and who has not been a resident of his ward at least one year immediately preceding his election; *provided*, that all persons resident of any territory that has been annexed to the said municipal corporation, otherwise qualified, shall be eligible to the office of City Councilman who are at the time of their election residents of the territory so annexed, and have been residents thereof for a period of not less than one year immediately preceding their election, and residents of Tennessee five years immediately preceding their election. Each Councilman shall, before entering upon the duties of his office, take and subscribe to the following oath: "I do solemnly swear that I will support the Constitutions of the State of Tennessee and the United States, and that I will faithfully and impartially discharge the duties of Councilman without fear or favor and solely for the public welfare. So help me God."

Whenever any vacancy shall occur in said City Council, a special election to fill such vacancy shall be held within twenty days thereafter in the ward unrepresented by reason of such vacancy in said Council. To enable the City Council to investigate charges against its own members, or any other city officials, it shall have the power to appoint an investigating committee, which shall have full and complete power and authority to order, appoint time and place of, and hold an investigation of the matters committed to them, and to issue subpoenas compelling the attendance of witnesses and the production of books, papers, and other documentary evidence, and to punish by contempt proceedings any person failing or refusing to answer or obey their summons or give or produce testimony before them. The Chairman of said committee shall have power to fine and imprison such persons guilty of contempt. The said committee shall report its findings in writing to the City Council, who shall take such action upon said report as they may deem right and proper, but no official shall be deprived of his office except by a two-thirds vote of all the mem-

bers of the City Council. It shall be the duty of the City Council to investigate and punish by expulsion from office officials who, having been suspended by the Mayor, have been adjudged guilty by the City Council of the charges preferred against them, provided that two-thirds of the whole number of Councilmen vote in favor of such action. The City Council shall hold meetings at such times as it may determine, not exceeding two regular stated meetings per month. Each Councilman shall receive as compensation five dollars (\$5) for each regular meeting that he attends. No Councilman shall receive any compensation for any regular meeting that he fails to attend, nor shall he receive any compensation for attending any other than a regular meeting, and no Councilman who fails to attend a called meeting of the Council shall receive any compensation for his attendance at the next succeeding regular meeting. When the City Council is sitting as a court of impeachment, the Mayor shall preside, except when the Mayor is under impeachment, when the Chairman of the Board of Public Works shall preside. No bill shall become a law without having first been passed on three several readings by a majority vote, on the third of which readings a majority vote of the whole number of the members of the Council shall be required, and until said bill shall have been signed by the Mayor, or without his signature as provided in this Act. The City Council shall not suspend its rules so as to take up and pass an ordinance on more than one reading on the same day. No bill shall pass its first reading on the day on which it is introduced. No amendment shall be made after the second reading. Every bill shall be introduced in duplicate, one copy of which shall be kept by the Recorder. All bills shall be read in full to the City Council at each reading of the same. No bill shall become an ordinance, nor resolution shall be adopted, unless finally passed by a majority of all the members of the Council, and the vote to be taken by ayes and noes, and the names of the Councilmen voting for and against the same be entered on the minutes. No bill for the grant of any franchise, or the issuance of any bonds, shall be put upon final passage within ninety days after its introduction, and no franchise shall be renewed before one year prior to its expiration. (Section 6, Chapter 204, Acts of 1899; Sec-

tions 1 and 2, Chapter 26, Acts of 1901; Section 2, Chapter 352, Acts of 1903.)

SEC. 5. It shall be the duty of the Mayor and City Council of corporations now being in existence and organized under the Act embraced in Chapter 114 of the Acts of 1883, within one month after the passage of this Act, to divide and lay off the territory of the corporation into twenty-one wards, provided the same has not already been done by such municipality. In laying off the new wards under this Act, the City Council shall fix the boundary so as to divide the territory of the city as nearly equal and with as much uniformity as practicable, and to divide the city as nearly as practicable into twenty-one wards. (Section 3, Chapter 127, Acts of 1893; Section 1, Chapter 352, Acts of 1903.)

SEC. 6. The City Council shall judge of the qualifications, elections, and returns of its own members, and shall prescribe rules for the determination of contested elections. It may determine its own rules of proceeding and prescribe the punishment of its members for non-attendance or disorderly conduct, and enforce the same, and, two-thirds of its members concurring, may expel a member for improper conduct while in office. It shall require a majority of the members of the Board to form a quorum for the transaction of business; but a smaller number may adjourn from day to day, and, under the provision of an ordinance, may compel the attendance of absent members by fine and penalties. The members shall elect, biennially, one of their own number to be their presiding officer, with power to enforce such rules as may be adopted by the Board for the government thereof. (Sections 5 and 6, Chapter 114, Acts of 1883.)

SEC. 7. The Mayor shall be an elector of the city at the time of his election, and must have been such for at least five years immediately preceding that time, and must not be under thirty years of age at the time of his qualification; *provided*, that all persons, otherwise qualified, who have resided a period of five years within the territory embraced in the corporate limits of such city, at the time of their election, shall be eligible to hold the office of Mayor. The compensation of the Mayor shall be three thousand dollars per annum, and may be changed by ordinance, but not during his term of office. He shall be

entitled to a Secretary, who shall be appointed by said Mayor, and whose salary shall be nine hundred dollars per annum, and he shall act as Secretary or Clerk to all committees of the City Council. The Mayor shall, before entering upon the duties of his office, take and subscribe to the following oath: "I do solemnly swear that I will support the Constitutions of the State of Tennessee and the United States, and that I will faithfully, zealously, and impartially discharge the duties of Mayor without fear or favor and for the public welfare. So help me God." The Mayor shall be elected at the general election by the qualified voters of the city, and shall hold office for two years, or until his successor is elected and qualified, and shall be ineligible to hold the office of Mayor for more than two terms in succession. The Mayor shall vigilantly observe the official conduct of all city officers and the manner in which they execute their duties and fulfill their obligations. He shall have power to make *pro tempore* appointments to fill vacancies occasioned by sickness, absence, or other disabilities of any city officer, and to suspend any city officer for misconduct in office, drunkenness or neglect of duty, reporting his action, with the reasons therefor, in writing, to the next regular meeting of the City Council; and the City Council shall pass upon said suspension at the first regular meeting of the City Council after the filing of the reasons by the Mayor, unless sufficient reasons are offered by the party suspended for further delay. The books, records, and official papers of all departments, officers, and persons in the employ of the city shall at all times be open to his inspection and examination. He shall take special care that the books and records of all departments, boards, officers, and persons are kept in legal and proper form. The Mayor shall, from time to time, recommend to the proper officers of the different departments such measures as he may deem beneficial to the public interest. He shall have a general supervision over all the departments and public institutions of the city, and see that they are honestly, economically, and lawfully conducted. He shall have the right to attend the meetings of any of the boards of said city, and offer suggestions at such meetings. He shall take all proper measures for the preservation of public order and the suppression of all riots and tumults, for

which purpose he may use and command the police force; if such police force is insufficient, he shall call upon the Governor for military aid, so that such riots or tumults shall be promptly and effectually suppressed. The Mayor shall see that all contracts and agreements with the city are faithfully kept and fully performed. The Mayor must institute such action or proceedings as may be necessary to revoke, cancel, or annul all franchises or contracts that may have been granted or entered into by the city which have been forfeited in whole or in part, or which for any reason are illegal, void, and not binding upon the city. The City Attorney, on demand of the Mayor, shall institute and prosecute the necessary actions to enforce this provision. The Mayor shall be the chief executive officer of the city, and as such shall be held responsible for the proper execution of all laws, ordinances, and contracts of the city. It shall be the duty of the Mayor to carefully examine all bills and ordinances passed by the City Council; and should either or any of them not meet with his approval, then he shall return the same to the next regular meeting of the City Council, with his objections in writing. And no law or ordinance so vetoed by the Mayor shall go into effect unless the same be passed by a two-thirds vote of the whole number of the members of the City Council. The Mayor shall be required to veto only such features in a bill as he may deem objectionable, and he may approve the residue of the same bill. If the Mayor fails to return any law or ordinance as aforesaid at the first regular meeting after its passage, he shall be deemed to have approved the same, and it shall become a law without further action. The Mayor may, whenever, in his judgment, the good of the city requires it, call special meetings of the City Council; and when so called, he shall state by message the object for which it shall have been convened, and the business of such meeting shall be restricted to the object or objects so stated. He shall, at least once in every three months, cause to be presented to the City Council a full and complete statement of the financial condition of the city. The Mayor shall, from time to time, communicate to the City Council such information and recommend such measures as may, in his judgment, tend to the improvement of the finances and the general welfare of the city.

He shall take care that all the ordinances are duly respected and observed within the city. He shall have the power and exercise the functions of a Justice of the Peace, but only for the preservation of the peace within the limits of the city and public parks and grounds without the city belonging to the city. He shall have power to bid in property for the city at all tax and judicial sales when the city is a party. It shall be the duty of the Mayor to enforce all police powers of the city. (Section 8, Chapter 204, Acts of 1899; Section 1, Chapter 59, Acts of 1901; Section 1, Chapter 1, Acts of 1907.)

SEC. 8. When two or more persons shall have an equal number of votes for the office of Mayor, the election shall be referred back to the voters of the city, and held as before, within the next succeeding ten days. The Mayor may be impeached by the City Council for misfeasance, malfeasance, or nonfeasance in office, and, two-thirds of the City Council concurring, may be removed. (Section 8a, Chapter 114, Acts of 1883.)

SEC. 9. In case of the absence of the Mayor, the President of the Board of Councilmen shall discharge his duties; and in case the Mayor's office is vacated by death, resignation, removal, or non-residence the President of the Board of Councilmen shall discharge the duties of said office until a successor for his unexpired term be elected by the people, which election shall be held within thirty days after a vacancy occurs. SEC. 10. The general election for Mayor and Councilmen shall be held biennially on the second Thursday in October, and a new administration shall be organized and sworn into office on the Tuesday following. The voters shall vote by ballot. No person shall be qualified to vote for Mayor, or members of the Board of Public Works, or City Treasurer, or Comptroller, or City Attorney, or City Marshal, or Tax Assessor, or Judge of the City Court who shall not have been a bona-fide resident of such city for at least six months immediately preceding the day of such election; nor shall any person be qualified to vote for City Councilman who shall not have been a bona-fide resident of the said ward at least six months immediately preceding said election; *provided*, that any resident citizen and qualified voter in Davidson County,

Tenn., who has been a bona-fide owner of property located within the corporate limits of the city of Nashville for more than twelve months prior to the date of the election, may register and vote in any one ward of said city where said property may be located, in any city election held under the provisions of said charter. The judges and clerks of election shall be appointed by the Mayor, and shall take oath to faithfully and impartially discharge their duties. They shall open the polls at 9 o'clock in the forenoon and close them at 7 o'clock P.M., when they shall forthwith proceed to ascertain and transmit to the Mayor the result of such election, certified and authenticated by the clerks and a majority of the judges of election for each ward. The Mayor shall deliver to the City Recorder the returns as they are received by him, who shall forthwith enter the same as they are successively received in a book to be kept for that purpose. be allowed the privilege of selling, leasing, or renting, for any length of time within the term of their franchise, any unused or unoccupied part or parts, space or spaces, portion or portions of said mains and conduits, not employed in or essential to their business, to any other person, firm, or corporation desiring the use thereof as a receptacle for wires, pipes, and other lawful purposes. (Section 15, Chapter 204, Acts of 1899; Section 12, Chapter 26, Acts of 1901; Section 1, Chapter 119, Acts of 1903.)

SEC. 20. For the purpose of providing means for the liquidation and retirement of the bonded indebtedness of such cities having outstanding bonded indebtedness, a sinking fund is hereby created, into which shall be paid, commencing on the first day of January, 1900, ten per cent of all taxes, revenues, and collections from all sources, except from the tax for school purposes, received by and coming into the city treasury. The City Treasurer shall, at the end of each month, out of said taxes, revenues, and collection, except out of the taxes for school purposes, received during said month, deduct ten per cent from the aggregate thereof and deposit the same in one or more of the city depositories to the credit of "Sinking Fund;" and he shall open and keep in his books in his office an account designated "Sinking Fund Account," which shall show accurately and specifically all payments made into, and all disbursements made out of, said sinking fund; and no disbursement out of said sinking fund shall be made for any purpose except as hereinafter directed. The moneys paid into the sinking fund, as aforesaid, shall be used only and exclusively for the purchase, retirement, or payment of any outstanding bonds of the said city. At the end of each quarter, or period of three months, the Funding Board, with the accumulation of money in the said sinking fund, shall buy any of the outstanding bonds of the city at the lowest price at which they are offered or can be obtained; and in the event the Funding Board shall be unable to buy any of said bonds at less than par, as herein authorized, it shall call as many of said bonds subject to call as there are funds on hand to pay the principal and accrued interest thereon, before investing said funds in any of the bonds of said city at more than par and accumulated interest. Said bonds which it is intended and designed by said Funding Board to pay, re-

deem, and retire shall be designated by number in the call, and such call shall be published and advertised for not less than thirty days in one or more of the daily papers published in such city controlled by this Act. The call for bonds, as aforesaid, shall fix and designate the time when and the place where the holders thereof shall deliver them for payment, and the place of payment shall be the Treasurer's office of such city. Interest on the bonds shall cease on the day fixed in the said call for their payment and redemption. When said bonds, called as aforesaid, shall be presented for payment and redemption, and are paid and redeemed, they and the coupons thereon shall be canceled forthwith, and, after cancellation, shall be held and securely pasted in a well-bound book kept for that purpose. All payments and disbursements out of the sinking fund authorized by this Act shall be made on the written order of the funding board, in which the object and purpose of the payment shall be plainly stated. Said order shall be directed to the Treasurer; and upon said order the Treasurer shall use the money in the sinking fund to purchase, redeem, or pay for said bonds. Said orders of the Funding Board shall be carefully preserved and kept by the Treasurer in his office in a well-bound book. The Funding Board shall make, on the first day of January and July of each year, to the City Council, a detailed and itemized statement of the amounts paid into the sinking fund and of all disbursements made therefrom under the provisions of this Act, and shall accompany said report with a certificate of the Treasurer, showing all the bonds and numbers thereof purchased, paid, redeemed, and canceled. All necessary expenses to the redemption, cancellation, and preservation of said bonds shall be paid out of the general fund of said city. The Funding Board shall consist of the Mayor, Treasurer, and Comptroller of such city, and the Mayor shall be Chairman thereof. The duties of said Funding Board shall be to carry into effect the provisions of this section. (Section 16, Chapter 204, Acts of 1899; Sections 3, 4, 5, 6, 7, and 8, Chapter 26, Acts of 1901.)

SEC. 21. The municipal corporation within the provisions of this Act shall have no power to levy in any one year, for ordinary corporate purposes, a higher rate of tax than one per cent of the assessed value of the taxa-

ble property within its limits; and the word "ordinary" is to embrace all expenses for fire, police, street, gas, water, and all other purposes strictly municipal, excluding interest on debt and tax for sinking fund, or a tax to pay any judgment against the city, or in obedience to any mandamus, or expenses for schools, for which an additional levy may be made. (Section 22, Chapter 114, Acts of 1883.)

SEC. 22. It shall be the duty of the City Council of such corporation, each year, within thirty days after the Board of Public Works and Affairs, which is hereinafter created, shall have submitted its estimate, to agree upon a budget for the expenses of the next ensuing year, which shall designate the offices of the corporation for the year, with the salary of each; and under general heads, such as streets, fire department, gas, water, police, etc., the subjects of corporation expenditures, and the estimated amount run out in figures of the probable expenditures for each purpose. This budget shall be published in one of the newspapers of the city. (Section 23, Chapter 114, Acts of 1883.)

SEC. 23. Any Mayor, Councilman, officer, or employee of the corporation, or other person intrusted with the collection or disbursement of the corporation funds, who shall knowingly violate any of the provisions of the two next preceding sections, or aid in such violation, or who shall create, or aid in creating, any liability of the corporation beyond the expenses as fixed by the budget in the modes especially designated, shall be civilly liable to the corporation for the excess and for any loss to the corporation, and, on conviction, shall be fined not less than twenty-five dollars and imprisoned in the county jail not less than one week. (Section 24, Chapter 114, Acts of 1883.)

SEC. 24. The budget for the ordinary and extraordinary expenses of the city government controlled by this Act for any one year shall not exceed the amount of revenue actually collected during the year immediately preceding the one for which said budget is intended; *provided*, that the proceeds of the sales of any bonds made in any year may be added to the budget for that year and included in the expenditure to be made, even though in excess of the amount of revenue actually collected during

the preceding year. And no fund appropriated in said budget for one department of said city government shall be transferred to or used in defraying the expenses of any other department of said city government; *provided*, that the City Council may, upon the recommendation of the Mayor and Board of Public Works, authorize, by resolution, the transfer of funds from one department to defray the expenses of another department; *provided, further*, that this provision shall not apply to the sinking fund. It shall be lawful for the cities controlled by this Act to embrace in their budgets for any one year revenue carried in the budget for the preceding year and which has not been expended during such preceding year; *provided, however*, that nothing herein contained shall authorize the corporate authorities of cities controlled by this Act from departing from their present plan of making their budgets except as herein expressly authorized. (Section 17, Chapter 20, Acts of 1899; Section 9, Chapter 26, Acts of 1901; Section 1, Chapter 63, Acts of 1909.)

SEC. 25. This Act is declared to be a public Act, and may be read in evidence in all courts of law and equity; and all ordinances, resolutions, and proceedings of the city may be proved by the seal of the corporation, attested by the Recorder; and when printed and published by authority of the corporation, the same shall be received in evidence in all courts and places without further proof. (Section 25, Chapter 114, Acts of 1883.)

They shall be elected at the regular biennial election, and shall hold office as herein provided and until their successors shall have been elected and qualified. The Board of Public Works shall perform all the duties and exercise all the powers and functions of the Board of Public Works and Affairs created by Section 26 of Chapter 114, Acts of 1883, except in so far as the duties, powers, and functions of said latter Board have been repealed, altered, or amended by laws passed subsequent to the passage of

said Chapter 114 of the Acts of 1883; *provided, however*, they shall have no supervision or control over any city official who is elected by the people, or supervision or control over anything pertaining to their office. The terms of office of the members of the Board of Public Works shall be six years, and one member of said Board shall be elected at each regular biennial city election; *provided*, that at the next biennial regular city election two members of said Board of Public Works shall be elected to take the places of the two members whose terms then expire. The candidate receiving the highest number of votes at said election shall hold office for six years, and the candidate receiving the next highest number of votes in said election shall hold office for four years. Should there be a tie vote between the two candidates receiving the highest number of votes at the next regular biennial city election, then the candidates receiving said tie vote shall choose by lot which of the two shall serve as a member of said Board of Public Works for six years, and the other shall serve for four years. At the regular biennial city election in the year 1903, one member of said Board of Public Works shall be elected for a term of six years to take the place of the member whose term then expires. After the regular biennial city election in the year 1903, one member of said Board shall be elected for a term of six years at each succeeding biennial city election. The compensation for each member of said Board shall be three thousand dollars per annum, payable monthly. Before entering upon the duties of his office, each member of said Board shall take and subscribe to the following oath: "I do solemnly swear that I will support the Constitutions of the State of Tennessee and of the United States, and that I will faithfully, zealously, and impartially discharge the duties of this office without fear or favor and for the public welfare. So help me God."

Immediately after qualifying, said Board shall elect a Chairman from among its members, who shall preside at all meetings of the Board. In the event of a failure to elect said Chairman after ten days, the Mayor shall appoint said Chairman.

In the case of death, resignation, removal, or non-residence of any member of the Board, the Mayor shall appoint a suitable person to serve until a successor can be

elected at the next regular election to fill out the unexpired term. All bills for public improvement and public expenditure shall be prepared and signed by the Board of Public Works and introduced in the City Council by the Board of Public Works, and said bill shall be known as the bill of the Board of Public Works. (Section 10, Chapter 204, Acts of 1899; Section 1, Chapter 61, Acts of 1901; Section 1, Chapter 31, Acts of 1907.)

SEC. 27. Each member shall give bond, with not less than three sureties, to the satisfaction of the Mayor and City Council, in the sum of not less than ten thousand dollars, conditioned for the faithful performance of his duties and the proper distribution of and accounting for all moneys coming into his hands in his official capacity, which sureties shall be required to justify in the aggregate to the amount of thirty thousand dollars above all liabilities; and such bond shall be approved by the Mayor and City Attorney, filed with the Recorder, and enrolled by him in a book to be kept for the purpose of enrolling all official bonds. (Section 27, Chapter 114, Acts of 1883.)

SEC. 28. The members of said Board of Public Works and Affairs shall devote their time and attention to the duties of their office, and shall not engage actively in any other business. (Section 28, Chapter 114, Acts of 1883.)

SEC. 29. Said Board of Public Works and Affairs shall hold regular meetings at least once in every week, and as much oftener as the business intrusted to its care shall require; and two members of said Board shall constitute a quorum for the transaction of business. The ayes and noes shall be called and entered upon a journal upon the passage of every resolution or order of any kind, and no order or resolution shall be adopted unless two votes are recorded in its favor. Said meetings shall be held at stated times, and no call meeting shall be held until notice of the call meeting has been given by the Recorder to each member, and no business shall be done at any call meeting unless such notice has been given. (Section 29, Chapter 114, Acts of 1883.)

SEC. 30. The Board shall keep a complete record of all its proceedings, and a copy from its records, certified to by the Clerk of said Board, shall be competent evidence in all courts of this State. (Section 30, Chapter 114, Acts of 1883.)

SEC. 31. The members of the Board shall have seats in the City Council of such city and be entitled to take part in its proceedings and deliberations on all questions relating to matters under their charge, subject to such rules as the Mayor and City Council shall from time to time prescribe, but without the right to vote, and one of the Board may be compelled to attend every meeting of the City Council. (Section 31, Chapter 114, Acts of 1883.)

SEC. 32. The Board shall have exclusive power to employ such chiefs or heads of departments, policemen, firemen, workhouse employees, engineers, clerks, superintendents, laborers, and other persons as it may deem necessary for the execution of its duties, and fix their salaries and compensations; but the salaries of all such employees and agents shall be fixed within limits prescribed by the Mayor and City Council, and any of them (except policemen and firemen and other employees of the police and fire departments) (Section 24, Chapter 204, Acts of 1899) may be discharged at any time by the Board of Public Works and Affairs, at their discretion. [Nine hours shall constitute a day's labor for all employees of the street, waterworks, or scavenger departments of such city. (Section 22, Chapter 204, Acts of 1899.)] The Board of Public Works and Affairs shall not elect or employ or appoint or contract with any one who is related to any member of said Board, or to the Mayor or any Alderman, within the sixth degree of consanguinity or affinity under the civil law; *provided, however*, that in all cases of vacancies in the police and fire departments, whether by resignation, discharge, or in any other manner, it shall be the duty of such Board of Public Works to fill such vacancies from the list of substitutes of the police and fire departments in all cases where there are such substitutes at the time any such vacancy or vacancies occur in such police or fire departments; *provided, further*, that the Board of Public Works shall have the sole right and authority to appoint the substitutes. (Section 32, Chapter 114, Acts of 1883; Section 1, Chapter 299, Acts of 1903; Section 1, Chapter 55, Acts of 1909.)

SEC. 33. The Board of Public Works and Affairs shall have the exclusive power and control over the construction, supervision, cleaning, repairing, grading, and improving of all streets, alleys, avenues, lanes, public

wharves and landings, market houses and spaces, bridges, sewers, drains, ditches, culverts, canals, streams and water courses, sidewalks, curbing, and the lighting of all such public places as may be deemed necessary within the corporation; to fix and establish the grades of all streets and alleys, avenues and thoroughfares. They shall also have the power, supervision, and control over the construction, repairing, cleaning, lighting, and heating of all public buildings and over all public improvements of such city or corporation (except public-school buildings and grounds—Chapter 8, Acts of 1893). They shall have exclusive power to make all improvements and expenditures within the budget (except in relation to public schools and public-school buildings and grounds—Chapter 8, Acts of 1893), which shall cost less than five hundred dollars, but shall let all contracts of over fifty dollars to the lowest responsible bidder. The said Board shall have exclusive power to organize and control the waterworks and its appurtenances and the workhouse of said cities. (Section 33, Chapter 114, Acts of 1883; Section 23, Chapter 204, Acts of 1899.)

SEC. 34. The Board of Public Works and Affairs shall, on or before the day fixed in each and every year, prepare and submit to the Mayor and City Council of said city an itemized estimate of the amount of money necessary and advisable, in their opinion, to spend in the execution of the duties intrusted to them for the ensuing year, giving in detail the plans of construction, repairs, and estimates of expenditures and salaries, etc., proposed by them, with the estimated cost of each improvement or salary, specifying for what department required, as streets, sewers, public buildings, police, waterworks, fire departments, and all departments of the city, etc.; and it shall be the duty of said Mayor and City Council, in their annual levy of taxes, to make such levy as, in their judgment, shall be necessary and advisable; and the amount so levied shall be collected and carried to the credit of the Board of Public Works and Affairs, and shall not be diverted from said Board or used by said Mayor and City Council for any other purpose, but the same shall remain as a separate fund in the hands of the Treasurer of said city. Said Board shall not divert the tax levy of the Mayor and City

Council from the purposes or department for which it was levied. (Section 34, Chapter 114, Acts of 1883.)

SEC. 35. When the Board shall deem it advisable to make a contract for the execution of any work or purchase of any material for matters under its charge, a careful estimate shall be made of the cost of such work or material. (Section 35, Chapter 114, Acts of 1883.)

SEC. 36. In all cases where the estimated cost of any expenditure exceeds five hundred dollars, the Board shall transmit to the Mayor and City Council of said city, with its recommendations, an ordinance authorizing the said expenditures, with an estimate of the cost. (Section 36, Chapter 114, Acts of 1883.)

SEC. 37. Where the estimated expenditure for any public improvement, taken as a whole, amounts to more than five hundred dollars, before contracting for any part or portion thereof, whether the estimated cost of said part or portion amounts to more or less than five hundred dollars, the Board of Public Works shall transmit to the City Council of said city, with its recommendations, an ordinance authorizing said expenditure, with an estimate of the cost thereof. Said ordinance shall be signed by said Board, and shall be known as the bill or ordinance of the Board of Public Works. (Section 20, Chapter 204, Acts of 1899.)

SEC. 38. Upon the passage by the Mayor and City Council of such ordinance, it shall be the duty of the Board of Public Works and Affairs to advertise and let the work to the lowest competent and responsible bidder; *provided*, that said lowest bidder shall not employ convict labor in said work or any part of it. (Section 4, Chapter 127, Acts of 1893; Section 37, Chapter 114, Acts of 1883.)

SEC. 39. All contracts of the Board shall be made in the name of the Mayor and City Council of said city, executed in behalf of said Mayor and City Council by the presiding officer of the Board, under the seal of the corporation, and filed in the office of the Board. (Section 38, Chapter 114, Acts of 1883.)

SEC. 40. No member of the Board, or other person, whether in the employ of the Board or otherwise, shall have power to create liability on account of the Board or the funds under its control, except by express author-

ity of the Board, conferred at a meeting duly and regularly convened. (Section 39, Chapter 114, Acts of 1883.)

SEC. 41. If at any time it shall appear, in the judgment of said Board, that the levy made by the Mayor and City Council of said city for the current and ensuing year, for the use of the Department of Public Works and Affairs, is insufficient for properly conducting the affairs of the city, and for constructing improvements and repairs of such things as are committed to their charge, consistent with the health, comfort, and convenience of the inhabitants of such city, they shall so report to the said Mayor and City Council, furnishing, at the same time, an estimate of such deficiency, on receipt of which it shall be lawful for said Mayor and City Council, in their discretion, to make such additional appropriation, and proceed to make a special levy upon the taxable property—real, personal, and mixed—within said city, taxable for State purposes, but not to exceed the limit provided by this Act. (Section 40, Chapter 114, Acts of 1883.)

SEC. 42. No member, officer, or employee of the Board, nor any person related within the sixth degree by the civil law to any member of said Board, or to the Mayor or any Alderman, shall be directly or indirectly interested in any contract or work of any kind whatever under its direction; and any contract for work or material in which any such person shall have an interest shall be void. (Section 4, Chapter 114, Acts of 1883.)

SEC. 43. No money shall be paid at any time to any person claiming under a contract with the Board until such person shall have first filed with the Board his statement, under oath, disclosing the names of all persons directly or indirectly interested in the contracts or the proceeds or the profits thereof, declaring that no person other than those named are interested, and that no person forbidden by this Act has any interest in the same. (Section 42, Chapter 114, Acts of 1883.)

SEC. 44. When, in the opinion of the Board, it shall become necessary, in the prosecution of any work, to make alterations or modifications in the specifications or plans of a contract, such alteration or modification shall only be made by order of the Board; and such order shall be of no effect until the price to be paid for the same shall have been agreed upon, in writing, and signed by the con-

tractors and approved by the Board. The total cost of the work, with the addition of the price so agreed upon, shall not exceed the original estimate. (Section 43, Chapter 114, Acts of 1883.)

SEC. 45. No contractor shall be allowed anything for extra work caused by alteration or modification, unless an order is made or an agreement signed, as provided in the preceding section; nor shall he, in any case, be allowed more for such alterations than the price fixed by such agreement. (Section 44, Chapter 114, Acts of 1883.)

SEC. 46. All contracts made by the proper authorities of said city, when other conditions are equal, shall be given to parties, concerns, or manufacturers whose home office is in said city or in the county in which said city is located. (Section 21, Chapter 204, Acts of 1899.)

SEC. 47. The Board shall publish all resolutions declaring the necessity of improvements and expenditures over five hundred dollars, but an ordinance authorizing such improvements or expenditures over five hundred dollars must be passed by the Mayor and City Council on the recommendation of the Board of Public Works and Affairs before the work is done and the expenditures can be authorized. (Section 45, Chapter 114, Acts of 1883.)

SEC. 48. That any member of the Board may be removed from office for incompetency, inefficiency, neglect of duty, or misconduct in office, by a vote of three-fourths of all the members elected to the City Council of such city. (Section 46, Chapter 114, Acts of 1883.)*

SEC. 49. Upon specific charges, in writing and sworn to, being preferred against a member of the Board of Public Works and Affairs, the City Council, by a majority vote of the Board, may suspend such a member for ten days; and within ten days after the order of suspension the charges shall be tried by the said City Council, unless the accused asks for further time, in which case ten more days may be given him. During the continuance at the request of the accused his pay shall be stopped

*It would seem that the greater part, if not all, of this Section 46, as it appears in the original Act, and much of the next section (47), as it appears in the original Act, have been impliedly repealed by Sections 6, 8, and 10 of Chapter 204 of the Acts of 1899. Portions of both Sections 46 and 47, as they appear in the original Act (Chapter 114, Acts of 1883) have been here omitted, because said portions are clearly repealed by implication.

and deducted; but if the trial is delayed by the City Council, and not by the accused, then the suspension shall last ten days and no longer. Said City Council shall have power, by process issued by the President, to enforce the attendance of witnesses and the production of books and papers as evidence, to be executed by the Marshal, and he shall have power to administer the necessary oaths. If a member of the Board of Public Works and Affairs shall be adjudged, on such trial or inquiry, to have been guilty of the charge against him, the City Council shall have the power to punish by a three-fourths vote of the whole Board, by dismissal from office, or by a majority vote on a call of the roll, by further suspension, as, in their opinion, the grade of offense deserves. The decision of the City Council as to suspension or dismissal shall be final and not subject to revision, and it shall be transmitted to the Board of Public Works and Affairs to be entered on its records. (Section 47, Chapter 114, Acts of 1883. See note to preceding section.)

SEC. 50. There shall be a Board of Education, composed of nine members, who shall have been bona-fide residents of the territory embraced within the corporate limits of such city at least five years immediately preceding their appointment, and who shall be not less than twenty-five years of age, and who shall serve without compensation. Said members of said Board shall be appointed by the Mayor, subject to confirmation by a majority vote of the whole number of City Councilmen. All of said members of said Board shall be appointed by the Mayor before the first regular meeting of the City Council in January succeeding the next general election. Said Board shall, by lot, choose three members from among themselves who shall serve one year, three members who shall serve two years, and three members who shall serve three years; and thereafter three members of said Board shall be appointed by the Mayor each year, subject to confirmation by a majority vote of the whole number of City Councilmen, to fill vacancies thus occurring, and the term of office of said Board shall begin on the last Monday in January of each year. Before entering upon the duties of his office, each member of said Board shall take and subscribe to the following oath: "I do solemnly swear that I will support the Constitutions of the State of Ten-

nessee and the United States, and that I will faithfully and impartially discharge the duties of this office, and that the only considerations that shall influence me in the selection of teachers and other employees of the department shall be their fitness for the position and the welfare of the city, and I am in favor of the public-school system."

Immediately after qualifying, said Board shall elect a chairman from among its number, who shall preside at all meetings of said Board. Five members of said Board shall constitute a quorum for the transaction of all business. (Section 12, Chapter 204, Acts of 1899; Section 2, Chapter 31, Acts of 1907; Section 1, Chapter 400, Acts of 1907.)

SEC. 51. Said Board of Education shall have the power to fix upon its times for meetings and make such rules for its own government as it may think proper, but all meetings and the elections of teachers shall be held in such manner as may be provided by the City Council.

Said Board of Education shall have the power to prescribe the plan of instruction and organization of the public schools, subject to the approval of the City Council; and no change shall be made in such plan after it has been approved and adopted, except by and with the approval of the City Council. Said Board of Education shall have exclusive power to employ such superintendents, principals, teachers, janitors, and other persons as it may deem necessary for the execution of its duties, and fix their salary and compensation within such limits as the City Council may, by ordinance, prescribe; and it shall also have the exclusive power over the furnishing, repairing, cleaning, lighting, and heating of all public-school buildings, and also over the selection of locations and plans of all such buildings hereafter to be constructed, and all such plans and locations shall be subject to the approval of the City Council. Said Board of Education shall have exclusive power to pay the salaries of superintendents, principals, teachers, janitors, and other employees, and to make such other expenditures within their budget as shall cost less than five hundred dollars (\$500) for any single expenditure; but in all cases when the estimated cost of any single expenditure, except salaries as above stated, exceeds five hundred dollars (\$500), it shall

transmit to the City Council of said city, with its recommendations, an ordinance to authorize such expenditures, with an estimate of the cost.

Said Board of Education shall, on or before the day fixed in each year, prepare and submit to the Mayor and City Council for approval and adoption an estimate of the amount of money which will be required for the maintenance of the public schools for the succeeding calendar year, beginning on the first day of the following January, which estimate shall set forth the various items of expense as accurately as possible, the salaries attached to the various positions being set out in detail; and it shall be the duty of said Mayor and City Council, upon its approval and adoption in their annual levy of taxes, to make such levy as in their judgment shall be necessary and advisable to meet the expenditures contemplated in such estimate; and the amount so levied, together with the share of the State and county school fund to which the citizens of cities to which this Act applies are entitled, shall be collected and carried to the credit of the Board of Education, and shall not be diverted from said Board or used by said Mayor and City Council for any other purpose, but the same shall remain as a separate fund in the hands of the Treasurer of the said city. In case of a deficit in the school fund for any year, the Mayor and City Council may, by ordinances, supply the same by a supplementary appropriation from the general fund.

Any member of the said Board of Education may be removed from office for incompetency, inefficiency, neglect of duty, or misconduct in office upon impeachment and by a vote of two-thirds of the members elected to the City Council of said city. Any vacancy in the Board of Education occasioned by death, removal out of the city, or otherwise, shall be filled for the unexpired term under the same rules as other appointments of the members of the Board.* (Section 2, Chapter 400, Acts of 1907.)

SEC. 52. There shall be a Board of Health, composed of three members, who shall have been bona-fide residents

*Some doubt formerly existed as to whether or not Chapter 8, Acts of 1893, was impliedly repealed by Section 12, Chapter 204, Acts of 1899. This question was settled by the passage of Section 2, Chapter 400, Acts of 1907, which certainly was intended to take the place of said Chapter 8, Acts of 1893.

of the territory comprised within the limits of such city for at least five years immediately prior to their appointment. Said members of said Board shall be reputable physicians of such city, and shall serve without compensation for a period of three years. They shall be appointed by the Mayor, subject to confirmation by a majority vote of the whole number of City Councilmen. All of said members of said Board shall be appointed by the Mayor before the first regular meeting of the City Council in January succeeding the general election. The Board shall, by lot, choose one member among themselves who shall serve one year, one member who shall serve two years, and one member who shall serve three years; and, thereafter, one member of said Board shall be chosen by the Mayor, subject to confirmation by a majority vote of the whole number of Councilmen, each year, to fill vacancies thus occurring, and the term of office shall begin on the last Monday in January of each year. Before entering upon the duties of his office, each member of said Board shall take and subscribe to the following oath: "I do solemnly swear that I will support the Constitutions of the State of Tennessee and the United States, and that I will faithfully and impartially discharge the duties of this office for the safety and general welfare of the public. So help me God."

Immediately upon qualifying, said Board shall elect one of its members as Chairman, who shall preside at all meetings of the Board, and the Clerk of the Board of Public Works shall be the Clerk of said Board. The Board of Health shall, in case of a vacancy in the office of the City Health Officer, appoint his successor, who shall have been a bona-fide resident and practicing physician, in good standing, of said city for at least five years immediately prior to the time of his appointment. The salary of the City Health Officer of cities controlled by this Act shall be twenty-five hundred dollars per annum, payable monthly.

The power and authority conferred upon the Board of Civil Service Commissioners be, and the same is hereby, extended so as to include and embrace the office of the City Health Officer, said officer to be placed under the supervision of said Board as to punishment and discharge for cause; that said officer shall not be punished or dis-

missed from office except after a trial and conviction by said Board in the manner provided by law. In event of a trial resulting in the punishment or dismissal of said Health Officer, said Board of Civil Service Commissioners shall notify the Board of Health thereof, who shall thereupon appoint some other suitable person to fill said vacancy, temporarily in case of punishment by suspension, or permanently in case of punishment by dismissal. (Section 13, Chapter 204, Acts of 1899; Section 1, Chapter 31, Acts of 1907; Sections 1, 2, and 3, Chapter 261, Acts of 1909.)

SEC. 53. (1) There shall be a Board of Park Commissioners, composed of five members, who shall have been bona-fide residents and citizens of such city at least five years prior to their appointment. The first members of said Board shall be appointed by the Mayor of such city on or before the first day of May, 1901, one for one year, one for two years, one for three years, one for four years, and one for five years; and the said Mayor shall designate the respective terms of each, said appointments to be approved by a majority of the members of the City Council. Upon a vacancy by resignation, death, or the expiration of the term of office of any member, or otherwise, his successor shall be elected by the remaining members of said Board of Park Commissioners, subject to the approval of a majority of the members of said City Council. The term of office of the members of said Board, except as above provided for the members appointed by the Mayor, shall be for five years from the first day of May of the year he was appointed, or until his successor is selected and approved and has qualified. The members of said Board shall devote such time and attention to the duties of their office as the efficient performance thereof may demand and require, and their services shall be without compensation. Each member appointed or selected to serve upon said Board, before proceeding upon the duties of his office, shall qualify by making oath or affirmation before the Recorder of such city, as follows: "I do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Tennessee, and will faithfully and impartially perform and discharge the duties of this office."

Each member of said Board of Park Commissioners

shall execute a bond, payable to the Mayor and City Council, in the sum of ten thousand dollars (\$10,000), conditioned that he will faithfully perform all duties incumbent upon him as a member of said Board, which bond shall be approved by the Mayor and filed with the Recorder. The members of said Board shall immediately upon their appointment and qualification, as above provided, organize by selecting one of their number as Chairman, and by the election of a Secretary, who need not be a member of the Board. The term of office of the Chairman and Secretary shall each be one year, but they may be reelected to any number of successive terms. The salary of the Secretary shall be fixed by said Board in an amount not exceeding one thousand two hundred dollars per annum, and his duty shall be prescribed by said Board. (Section 2, Chapter 117, Acts of 1901.)

(2) Whenever, in the opinion of the said Board of Park Commissioners, property shall be needed for any park purposes, said Board may acquire the same by purchase, or may by resolution recommend to the City Council that the same is needed, when the said City Council is authorized to condemn the same. The proceedings for such condemnation shall be as prescribed in Section 17, Subsection 35, of said Chapter 114 of the Acts of the General Assembly of the State of Tennessee, 1883. The said Board shall be authorized to establish one or more parks in such locality or localities as they deem in their discretion best for the interest of the city within which said Board exists. The title to all property acquired for park purposes by gift, devise, or condemnation shall vest in the Mayor and City Council, but the legal title to all property acquired by said Board of Park Commissioners by purchase shall be taken in the name of the Chairman of said Board of Park Commissioners, as trustee, until fully paid for; and the Mayor and City Council shall in no wise be responsible for any portion of the purchase money agreed to be paid therefor, except it is agreed by ordinance, duly enacted, to purchase said land, whereupon said trustee shall immediately convey the same to said Mayor and City Council. Said Board of Park Commissioners shall have full power and authority to purchase any land deemed by them suitable for park purposes, and to execute notes or bonds therefor, with interest, payable

annually or semi-annually, maturing at such time as may be agreed upon, signed by the Chairman and Secretary of said Board, and to secure the purchase money due for the same by mortgage or vendor's lien upon the property purchased, and may sell any portion thereof not needed for park purposes by direction of a majority of said Board of Park Commissioners, and apply the proceeds of any property so sold to the payment of the mortgage or vendor's lien given to secure the purchase money for the whole until said mortgage or lien shall be fully satisfied, whereupon any of said property remaining unsold shall immediately be conveyed by said Trustee to the Mayor and City Council. (Section 1, Chapter 204, Acts of 1903.)

(3) Said Board of Park Commissioners, constituted as aforesaid, shall have the care, management, and custody of all parks and grounds used for park purposes, and all such property as may hereafter be acquired for park purposes by said Board of Park Commissioners. The said Board of Park Commissioners shall, with the approval of the Council, have power to receive gifts, donations, or devises of land, or may accept other property for park purposes; to lay out and improve walks, drives, roads, tree planting, and other improvements to park or parks, and to enter into all contracts for the same; protect all property and improvements belonging to or pertaining to said parks, or under their management or control, from injury or decay; to adopt rules and ordinances regulating the reasonable and proper use of, preventing injury to and misuse of, all parks, walks, walkways, and park property generally, and to prevent disorder and improper conduct within the precincts of the park or inclosure, and providing punishment therefor, or for the infraction of the rules adopted by said Board of Park Commissioners; and the police power of the city in or adjacent to which said park or parks may be situated shall extend over such park property or properties of every kind, as the same is or shall be acquired; and all violations of such rules and ordinances adopted by said Board of Park Commissioners and all other misdemeanors and offenses committed within any park property or precincts may be punished by the City Courts of such city upon complaint and proceedings as now provided by

law in cases of misdemeanor and violations of city ordinances. The said Board of Park Commissioners, and their agents and employees, will have the power to make arrests for misdemeanors committed within any park precinct or any violation of any of the park rules or ordinances. (Section 4, Chapter 117, Acts of 1901.)

(4) The Board of Park Commissioners shall have exclusive power to employ and pay such superintendents, employees, and other persons as it may deem necessary for maintaining, improving, and controlling all park property, and it shall have authority to make any other expenditures for park purposes within the amount of the special tax hereinafter provided for. Said Board of Park Commissioners shall each year, prior to the making of the annual levy by the City Council, prepare and submit to the City Council an estimate of the amount of money which will be required for the purchase, maintenance, and improvement of park property for the succeeding year, beginning January 1, which estimate shall set forth the items of expense as accurately as possible; and it shall be the duty of the City Council, and it is hereby authorized, in its annual levy of taxes, to make such special levy for park purposes separate and distinct from its levy for ordinary municipal purposes, a tax not less than one cent nor more than five cents on the one hundred dollars of the value for assessment within said city, as shall be necessary to meet the expenditures contemplated in said estimate of the Board of Park Commissioners; and the amount so levied shall be collected and carried to the credit of the Board of Park Commissioners, and shall not be diverted therefrom, and the same shall remain a separate and distinct park fund in the hands of the Treasurer of the city. All expenditures on account of this fund shall be made upon vouchers, approved by the Park Commissioners, through its Chairman and Secretary, which vouchers shall, when accompanied by detailed statements of such expenditures, be payable on presentation to the revenue office of the city; *provided, however*, that it shall be the duty of the Board of Park Commissioners to appropriate the first funds raised under the special levy herein authorized to the acquisition of park sites in North, East, and South Nashville, at such places as the Board may select and agree on, and the preparing of

such sites for public parks. All funds arising from any sources which are to be devoted to or used for the maintenance and betterment of public parks owned or controlled by municipal corporations organized under this Act shall be paid from time to time to the City Treasurer of Nashville, and a separate account thereof kept, except such as may be derived from taxation levied for that purpose by the Mayor and City Council of such corporations. The Park Commission, through its proper officials, shall be authorized to draw from time to time upon the funds set apart as herein provided; and it shall be the duty of the Treasurer of such municipality to pay such checks whenever drawn, so long as there is a balance to the credit of the account of public parks created under this Act; but the money so drawn shall be used by the Board of Park Commissioners to repair, improve, and maintain the public parks in and near the city of Nashville under the management of said Board of Park Commissioners. (Section 5, Chapter 117, Acts of 1901; Sections 1 and 2, Chapter 162, Acts of 1905; Section 1, Chapter 345, Acts of 1909.)

(5) Said Board of Park Commissioners shall make a report to the Mayor and City Council during the month of December of each year, showing amounts received, from what sources, how expended, with such explanations and recommendations as may be deemed to the best interest of the public parks. Books of account of said Board and of all officers thereof shall at all times be open to the inspection and examination of the Mayor and City Council, or of any accountant designated by the said Mayor and City Council to make the examination. (Section 6, Chapter 117, Acts of 1901; Section 3, Chapter 162, Acts of 1905.)

(6) The City Council may from time to time, upon application therefor, made by the Board of Park Commissioners, provide by ordinance for special park police, the same to be under the control of the Board of Park Commissioners. (Section 7, Chapter 117, Acts of 1901.)

(7) The term "park property," as used in this Act, shall include all parks and areas of land within the management of said Board of Park Commissioners, and all buildings, structures, and improvements thereon of every

kind and character whatever. (Section 8, Chapter 117, Acts of 1901.)

They shall be elected by the qualified voters of such city at the general election and hold office for a term of four years, or until their successors shall have been elected and qualified. The salaries of said officers of Treasurer and Comptroller shall be two thousand five hundred dollars per annum, and that of the Tax Assessor two thousand five hundred dollars per annum, and that of the City Marshal one thousand eight hundred dollars per annum, payable monthly. In the event of a vacancy in any one of said offices, the Mayor shall appoint a suitable person to fill said vacancy, who shall hold office until the next biennial election, when a successor shall be elected to fill the unexpired term. The City Treasurer, Comptroller, and Tax Assessor shall each be entitled to one assistant. The compensation of the Assistant Treasurer and Assistant Tax Assessor shall be one thousand eight hundred dollars per annum, payable monthly. The compensation of the Assistant Comptroller shall be one thousand eight hundred dollars per annum, payable monthly. (Section 14, Chapter 204, Acts of 1899; Section 1, Chapter 59, Acts of 1901; Section 1, Chapter 66, Acts of 1901; Section 1, Chapter 31, Acts of 1907; Section 1, Chapter 2, Acts of 1909.)

Before entering upon the execution of the duties of his office he shall take and subscribe to the following oath: "I do solemnly swear that I will support the Constitutions of the State of Tennessee and the United States, and that I will faithfully and impartially perform the duties of my office without fear or favor. So help me God." The salary of said Judge shall be two thousand

hold their offices for two years from and after their election and until their successors are elected and qualified. Each branch of the staff shall consist of six members, and each branch shall attend to the hospital for a period of six months each year. The terms of attendance of each branch of the staff shall be designated by the Board of Hospital Commissioners; but the branch of the staff selected by the faculties of the medical colleges hereinabove named shall be given, if possible, the terms of attendance which shall cover as nearly as possible the sessions of the various medical schools located in the city of Nashville. Any member of either branch of the staff who shall attempt in any manner to transfer to any other physician or surgeon not a member of such staff, and not the Superintendent and Surgeon of such hospital, the performance of any duties resting upon him as a member of the staff, shall forfeit his right to be a member of the staff, and shall not be eligible for service on the staff at any future time.

The Hospital Staff shall have exclusive power and authority to make all rules and regulations of a medical and surgical character for the administration of the hospital or hospitals to which such staff is assigned for service; but all such rules and regulations, before becoming operative, shall be approved by a majority of the Board of Hospital Commissioners, and said Hospital Commissioners shall have the right to change said rules. No member of the Hospital Staff shall receive any compensation for his services as such member.

The Board of Hospital Commissioners is hereby authorized and empowered to make all rules and regulations touching the attendance of members of the staff at the hospital and their duties while in attendance. Any member of the staff shall be subject to be removed by the Board of Hospital Commissioners at any time that to the Board may seem proper, but in such case of removal the successor of such removed member of the staff shall be selected from the faculties of the three medical colleges hereinabove named or from the regular physicians and surgeons of the city who are not members of such medical faculties, in case such removed member belongs to one or the other of the two above-named classes. (Section 4, Chapter 303, Acts of 1909.)

(5) It shall be the duty of the Superintendent and Surgeon to make monthly reports to the Board of Hospital Commissioners, which reports shall contain a full, accurate, and detailed account of all transactions at the hospital during such month, as the number of patients received, the number discharged, the expenditures made at the hospital during such month, as well as such other information as the Board of Hospital Commissioners may by resolution require the Superintendent and Surgeon to set forth in such monthly reports. (Section 5, Chapter 303, Acts of 1909.)

(6) There shall be a Superintendent of the Steward Department of the City Hospital, whose compensation shall be fifteen hundred dollars (\$1,500) per annum, payable monthly, and who shall perform the duties of Steward as now fixed by ordinance of the city of Nashville and such other duties of a non-medical character as may be required of him by the Hospital Commission; but in the performance of all such duties the Steward shall be subject to the authority, direction, and control of the Hospital Commission. The office of Superintendent of Steward Department created by this Act shall be filled by the present Superintendent of the City Hospital, as created by an ordinance of the city of Nashville, approved June 12, 1903; and said Steward shall be subject to removal only under and in accordance with the rules of the Civil Service Commission of the city of Nashville. And said Superintendent of Steward Department shall live at the City Hospital and shall be provided living quarters by the Hospital Commission. (Section 6, Chapter 303, Acts of 1909.)

(7) There shall be four internes at the City Hospital, who shall be chosen as follows: The winners of the founder's medals in the graduating classes of each of the three medical colleges in the city of Nashville—to wit., Vanderbilt University, the University of Tennessee, and the University of Nashville—shall be certified yearly to the Board of Hospital Commissioners by the faculties of their respective colleges; and upon such certificates being received, said Board of Hospital Commissioners shall commission said graduating students as internes for the City Hospital for the period of one year from and after the date of their appointment and commission. The fourth

internes shall be chosen by the Superintendent and Surgeon of the hospital; *provided, however*, that if the winners of the founder's medals or students receiving the highest grades in the respective medical colleges in the graduating classes thereof shall decline the appointment of internes at the City Hospital, then and in that event the student of such college or colleges receiving the next highest per cent in such graduating classes shall be certified by the faculties of such schools to the Board of Hospital Commissioners, and shall be commissioned and appointed for the period of one year, as heretofore provided. If such students should in turn decline appointments as internes, then said Board of Hospital Commissioners may appoint such internes for the period of one year, and in their appointments shall not be restricted to the graduating classes of the medical colleges hereinabove named.

The internes of the hospital shall be under the exclusive supervision, direction, and control of the Superintendent and Surgeon, and shall, if practicable, reside at the hospital, where they shall be furnished board and laundry free of charge; but they shall receive no compensation either from the Board of Hospital Commissioners or from patients at the hospital for their services as such internes. They shall perform such duties of a medical character as may be assigned to them by the Superintendent and Surgeon, and shall be subject to be removed and discharged by the Superintendent and Surgeon, who shall, however, in such cases, report in writing his reasons for such discharge or removal to the Board of Hospital Commissioners; and said Board may, if it sees proper, rehear such cases and determine whether or not such removals and discharges are justified; but an appeal as a matter of right shall not lie from the action of the Superintendent and Surgeon to the Board of Hospital Commissioners in such cases of discharge or removal. (Section 7, Chapter 303, Acts of 1909.)

(8) It shall be the duty of the Board of Hospital Commissioners to submit to the City Council of such cities quarterly reports in writing, which shall set out in full the collections and disbursements made on account of the hospital during such quarter, and shall contain the monthly report made during such quarter by the Super-

intendent and Surgeon, as hereinbefore provided for. All moneys collected from private or pay patients at the City Hospital, as well as from clinical fees charged the students of the various medical schools of the city of Nashville as fixed by the rules and regulations of the Board of Hospital Commissioners, and all other revenues derived from the operation and conduct of the hospital, shall be paid to the City Treasurer of such cities, who shall keep the same separate from the other revenues of the city and to the credit of the Hospital Department. It shall be the duty of the Board of Hospital Commissioners in each year, on or before the first of September, to submit to the City Council its estimate of the amount of money required for the conduct and operation of the hospital during the succeeding year; and it shall be the duty of the City Council, before the first day of January of each year, to agree upon and by ordinance provide for the annual budget of the Board of Hospital Commissioners. The City Council of such cities is hereby authorized and empowered to include in the annual levy of taxes for such city or town a special hospital tax of one-third of one mill on each dollar's worth of property assessed for city taxation, and the money thus levied shall constitute a special fund with which to operate the affairs of the hospital, as provided by this Act; *provided, however*, that the City Council shall have power to include in the yearly hospital budget some of the money over and above that realized from the special hospital tax herein authorized in the event such tax is levied and collected.

The Board of Hospital Commissioners shall have exclusive power and authority to make all expenditures out of the moneys appropriated for the conduct and maintenance of the hospital as hereinabove provided; and such expenditures shall be made by vouchers signed by the Chairman of the said Board of Hospital Commissioners, and, upon presentation to the Comptroller and Treasurer of the city, shall be paid by them and charged to the Hospital Department; *provided, however*, that if the Board of Hospital Commissioners so elect, they may by resolution authorize the Superintendent and Surgeon to make expenditures on account of the hospital, which may not exceed the sum of fifty dollars (\$50), and a detailed account of which expenditures shall be furnished by the

Superintendent and Surgeon to the Board of Hospital Commissioners at their regular monthly meetings. When any expenditures, except for salaries, shall amount to five hundred dollars or more, it shall be the duty of the Board of Hospital Commissioners to prepare an ordinance, which shall be known as the ordinance of the Board of Hospital Commissioners, and to introduce the same in the City Council of such cities, which ordinance shall authorize sums of five hundred dollars or more to be spent on account of the hospital; and such ordinance shall be passed in accordance with the requirements of said cities regulating and governing the passage of ordinances. Any expenditure in excess of five hundred dollars made on account of the hospital or any liability or contract for any such expenditure, unless made as herein provided, shall be illegal and not binding on the Board of Hospital Commissioners; or if any such sum has been paid, the same may be recovered from the person or persons receiving the same in an action to be instituted by the Mayor and City Council of Nashville. (Section 8, Chapter 303, Acts of 1909.)
